Dear Larry,

BRC, Inc. has a performance bond issued for the "Sesko Nuisance Abatement Project". The job was 85% complete, and BRC had to stop work on this project until the property owners "Sesko's and the City of Bremerton went back to court. The court's have not made a final ruling on this case yet, but in the meantime BRC has been on hold of no fault of their own. We contacted Janet K. Lunceford at Bremerton Fire Department whom is in charge of this project, and she said that due to the circumstances BRC, Inc. could reduce their original performance Bond to the amount that still needs to be completed.

The bond can be reduced to \$21,000.00.

She also said if we could get a retention bond for the retention being held, they would release the retention at that time.

BRC, Inc. is requesting a retention bond for \$13,050.00.

Janet will only be in the office until December 12, 2002 and then she will be on vacation.

If you need to reach Janet you can do so at:
